University of Michigan	Ann Arbor, MI	2017 - Present
University of Miami	Coral Gables, FL	2016 - 2017
University of Detroit Jesuit High School	Detroit, MI	2016

---

## EXPERIENCE:

---

### Programming/Coding Experience

- Java Programming; Interfaces, 2D graphics, loops; cumulative algorithms, class arrays, recursion
- Java Application Program Interfaces; API documentation, sorting algorithms, data visualization, Eclipse IDE, heaps, stacks, graph interfaces
- Coding in C# with Unity Gaming Engine
- C++/Python
- JavaScript

**Global Scholars Program Advisory Council**      **Ann Arbor, MI**      **September 2019 – April 2020**

#### *Treasurer*

- Manage Advisory Council (AC) U-M Credit Union bank account, SOAS funds, reimbursements and AC credit card
- Track expenditures and ensure spending is within AC budget
- Advise AC on monetary/budgetary decisions
- Collect and manage receipts
- Assist with fundraising activities, like for the annual Alternative Spring Break (ASB) trip

**Workday Software Application Engineer**      **Pleasanton, CA**      **June 2019 - August 2019**

#### *Intern*

- Developed a custom APP on the Cloud platform which will enable Workday university clients to display external data in particular views
- Created an updated version of a REST API to be uploaded to the Workday Cloud Platform and available to all Workday clients
- Worked collaboratively with product team and division managers via daily scrums to meet product delivery goals and client specifications

**Workday Software Application Engineer**      **Pleasanton, CA**      **May 2019 - August 2019**

#### *Intern*

- As the only intern on my project team, I worked on individual projects in the Financials: Grants Division. I also presented my project solutions at the end of the internship.
- Developed a new composite view for “View Grant” function. Created work tags along with a refined grant hierarchy
- Made DQA (Data Quality Audit) exceptions that help check if enterprise customers have data in an incorrect state.
- Developed a toggle to fix a “too many results” error that failed to recognize any search material
